This far exceeds the potential of any other lake in the country.

LAKE FORK SPORTSMAN'S ASSOCIATION

MISSION STATEMENT

Lake Fork Sportsman's Association, through it's membership, will strive to protect and promote Lake Fork's natural resources for future generations by working with State and local agencies.

We were established in 1999 as an organization comprised of area residents, merchants and professional guides. Included in our membership are sportsmen from Texas and across the United States.

Our primary goal is to preserve, promote and protect on of this country's greatest fisheries both now and for generations to come. It's with your help and support that we can achieve this goal.

WHILE WE ARE NOT a political or environmental group, we do get involved with the political or environmental issues that affect the wildlife and natural resources of this fishery and it's residents.

Being sportsmen ourselves we are not anti-tournament but we are diametrically apposed to any tournament that would circumvent the laws, rules and regulations that have made this great fishery what it is today.

Our membership is open and available to any and all who share our deep commitment to do what ever is necessary to preserve the legend that is uniquely Lake Fork.

Whether you are an avid outdoors person or one who just enjoys time outdoors, we invite you to experience all the sporting activities that are available to you at Lake Fork.
